

COMMUNITY UNITY

Create your very own community just like one in Spain.

1 Decide on a name for your community. Be creative. It can come from where you live or your family name, or even the kind of animals you like.

2 Draw a flag for your new community. The stars on the American flag represent the 50 states. What do your symbols stand for on your flag?

3 Make up your own community language. Name it and decide what's different about it. You can add a letter or sound to every word or sing or whisper your language.

4 Finally, pick your national sport. This can be real, like soccer or baseball. Or it can be totally silly—like plastic duck racing or whipped cream eating.

SUPPLIES

- ◇ art supplies
- ◇ art paper
- ◇ notebook
- ◇ pen or pencil
